EDUCATION

Doctor of Philosophy in Machine Learning

Sept. 2023 – Aug. 2027

School of Computer Science, University College Dublin (UCD), Ireland.

Research: *Passive Assessment of Mental Health Using Financial Data via Machine Learning.*

Supervisor: Dr. Mark Matthews | Research Ireland Centre for Research Training in Machine Learning (ML-Labs).

Master of Science in Engineering Artificial Intelligence

Aug. 2021 – May 2023

Carnegie Mellon University.

CQPA: 3.95 / 4.0

Key Modules: *Data Inference and Applied Machine Learning, Programming and Problem Solving for Data Analytics, Engineering AI Project Methods, AI System Design, Principles and Engineering Applications of AI, Deep Learning, Human-Robot Interaction.*

Bachelor of Science in Electrical and Electronic Engineering (First Class Honours)

July 2014 – May 2019

University of Ibadan, Nigeria.

CGPA: 6.2 / 7.0 | First Class Honours

Key Modules: *Elementary Computer Programming, Algebra, Analysis, Calculus and Trigonometry, Logic and Philosophy, Embedded-Based Systems, Servomechanics and Control, Signal Processing.*

Thesis: *Remote Monitoring and Control of Smart Home Devices Using Arduino Microcontroller and Sensors.*

WORK EXPERIENCE

Data Science Researcher (Remote)

May 2024 – July 2024

HealthRhythms, Palo Alto, California | Remote

- Harnessed Databricks for mental health inferencing and actively contributed insights in weekly team meetings.
- Facilitated patient onboarding for a mental health solution, addressing data collection challenges such as incomplete and messy data.

AI Scientist / Research Associate

Jan. 2023 – Aug. 2023

CyLab Africa / Upanzi Network, Carnegie Mellon University, Rwanda

- Developed machine learning (ML) models to classify cattle using muzzle images, collaborating in a Scrum (Agile) environment.
- Designed and developed an advanced signature verification model leveraging Siamese CNNs for precise identity authentication.
- Engineered feature extraction and ML models to detect smishing in SMS texts, enhancing security and fraud prevention.

Graduate Teaching Assistant

Aug. 2022 – Dec. 2022

Carnegie Mellon University Africa, Rwanda

- Supported teaching and delivery of the Programming and Problem Solving for Data Analytics course.
- Delivered recitation sessions, assisted with assignments, and graded coursework fairly, consistently, and in a timely manner.
- Held office hours to guide students in programming concepts and problem-solving.

Teaching Assistant / Demonstrator (Part-Time)

Sept. 2023 – Present

School of Computer Science, University College Dublin

- ML System Deployment | COMP 41860 | Spring 2026 | Masters Level
- AI for Time Series | COMP 41850 | Spring 2025 | Masters Level
- Software Engineering | COMP 30830 | Spring 2025 | Bachelors Level
- Introduction to Artificial Intelligence | COMP 30030 | Autumn 2024 | Bachelors Level
- Data Science in Python | COMP 47670 | Autumn 2024 | Masters Level
- Python Object Oriented Programming (OOP) | COMP 20270 | Autumn 2024 | Masters Level
- Data Structures and Algorithms | COMP 20230 | Spring 2024 | Masters Level
- Information Visualisation DS | COMP 30750 | Spring 2025 & 2026 | Masters Level
- Information Visualisation Blended Delivery | COMP 47970 | Spring 2025 & 2026 | Masters Level

Supply Chain Analyst (Intern)

Jun. 2019 – Aug. 2019

Coca-Cola Hellenic Bottling Company, Lagos, Nigeria

- Completed the Coca-Cola Summership, a competitive 3-month internship, gaining cross-functional experience in supply chain operations (Fleet, Transportation, and Warehouse).
- Managed shipment orders and logistics documentation using SAP, supporting efficient warehouse and transportation operations.
- Presented a data-driven solution to senior executives to improve warehouse efficiency and achieved sales of ~1,200 product cases across 10 field engagements.

Network Operations Analyst (Intern)

Sep. 2017 – Feb. 2018

ipNX Nigeria Limited, Ibadan, Nigeria

- Analysed network coverage and field survey data to support radio placement and network optimisation.
- Installed and configured Ubiquiti radios and routers, performed network diagnostics, and restored connectivity for 100+ clients.
- Maintained network inventory, operational records, and HR activity reports to support efficient service delivery.

GRANTS, SCHOLARSHIPS, AWARDS AND HONOURS

1st Place — Huawei Ireland Tech Arena (LLM Inference Optimisation)	2025
<i>1st position out of 19 finalist teams and over 300 students in Ireland who participated.</i>	
Finalist — UCC AI Quest	2023
<i>AI hackathon on image segmentation using deep learning.</i>	
SFI Centre for Research Training in Machine Learning — Full PhD Scholarship	2023 – 2027
<i>Science Foundation Ireland (SFI), ML-Labs, University College Dublin.</i>	
Mastercard Foundation Scholarship at Carnegie Mellon University	2021 – 2023
<i>Full postgraduate scholarship covering tuition, living expenses and research at CMU Africa.</i>	
5× Dean's Award for First Class Students in the Faculty of Technology	2014 – 2019
<i>For maintaining a First Class grade across five academic sessions and graduating in the top 3% of 7,000+ students.</i>	
MTN Foundation Scholarship for Science and Technology	2015 – 2018
<i>Awarded to 500 outstanding science and technology students in Nigeria.</i>	
2× Etisalat National Merit Award	2015 & 2016
<i>Awarded to 10 outstanding EEE/CS students with the highest CGPA in selected universities in Nigeria.</i>	
Winner, Etisalat Innovation Moment Challenge	2016
<i>Led 10 First Class students to win the best innovative idea amongst First Class Etisalat Merit Awardees in Nigeria.</i>	
Iyabode Victoria Ojelade Lawal (IVOL) Memorial Scholarship	2016
<i>Award recognising an outstanding proposal to commercialise a final-year project; selected among the top 10 in Nigeria.</i>	
2× Abel Ogundokun Odeleye Foundation (AOOF) Scholarship	2015 & 2016
<i>Award for community service and academic excellence.</i>	
NNPC/Total National Merit Award	2016 – 2018
<i>National merit scholarship for outstanding students in Nigeria.</i>	
Agbami Medical and Engineering Scholarship	2015 – 2017
<i>National merit scholarship for outstanding medical and engineering students in Nigeria.</i>	
Overall Best Graduating Student, Sped International Secondary School Oyo	2013
<i>High School valedictorian of a graduating class of 120+ students.</i>

PRESENTATIONS

- "Human-Centered AI: Can Putting People First Make AI Safer?", presented at Encode Africa's AI Safety Action Week, June 2026.
- "Funded. Prepared. Global" — Panelist at a scholarship clinic guiding prospective scholars on landing global opportunities, May 2026.
- "Money and Mental Health: Spending as a Mental Health Indicator." Future of Money Workshop, ACM CHI Human Factors in Computing Systems, 2025, Japan.
- "AI in Healthcare: Opportunities and Requirements" — A talk on applications, challenges, and ethical requirements of deploying AI in clinical and health settings.

WORKSHOPS AND CONFERENCES ATTENDED

Future of Money Workshop, ACM CHI Human Factors in Computing Systems	2025
Public Patient Involvement (PPI) Summer School, University of Limerick, Ireland	2024

AWS Gen AI Game Day, Amazon Dublin (Top 10 of 25 teams)	May 2024
International Conference for Learning Representations (ICLR 2023), Kigali, Rwanda	2023
International Summer School for Advances in Biometric Authentication, Alghero, Italy (remote)	2023

CERTIFICATIONS

AI (LLM) Engineering Certification, DataTalksClub (Ongoing)	2026
Claude Code in Action, Anthropic	2026
AWS Certified Machine Learning — Specialty	2024
Microsoft Certified: Azure Fundamentals	2021
MLOps Certification, DataTalksClub	2024
Machine Learning Engineering Certification, DataTalksClub	2024
Data Engineering Certification, DataTalksClub	2024

LEADERSHIP EXPERIENCE AND COMMUNITY DEVELOPMENT SERVICE

Support & Self-Care Group Facilitator 2026 – Present

Aware, Ireland

- Facilitating peer support groups for individuals experiencing depression, bipolar disorder, and related mood disorders.
- Fostering a safe, supportive, and inclusive environment where participants share experiences, develop self-care strategies, and provide mutual support in line with Aware Ireland's guidelines.

Team Lead, Data Science Club 2022 – 2023

CMU-Africa, Kigali, Rwanda

- Led a team in the Umoja-Hack, Africa's inter-university machine learning competition.
- Emerged highest-ranking team in Rwanda (intermediate category); featured on the CMU website and social media.
- Participated in the 2022 UN Big Data Hackathon, focusing on energy prices and food inflation.

Head of Programs 2018 – 2021

Mentally Aware Nigeria Initiative

- Led programmes and mental health outreach initiatives as Head of Programs, reaching over 300 community members.
- Organised and facilitated mental health walks, conversation cafés, and capacity-building workshops, including a World Mental Health Day workshop for medical students.
- Supported member engagement through mentoring, advocacy, and mental health awareness initiatives, strengthening leadership, communication, and stakeholder engagement skills.

Public Relations Officer 2016 – 2017

Society of Electrical and Electronic Engineering Students (SEEEs), University of Ibadan

- Prompt and accurate dissemination of information to a department of about 250 students.
- Revitalised the SEEEs PRESS organisation and facilitated a blog @seeesui.wordpress.com.

PROFESSIONAL MEMBERSHIPS

- Graduate Member, Nigerian Society of Engineers (NSE)

SKILLS

Programming	§ Python, C/C++, Java, SQL, Shell Scripting, Claude
ML & Big Data	§ NumPy, Pandas, Scikit-learn, PyTorch, TensorFlow, NLTK, spaCy, OpenCV, Databricks
Cloud & DB	§ AWS, GCP, Azure, PostgreSQL, DynamoDB
Data Eng/MLOps	§ Apache Spark, dbt, Flask, MLflow, WandB, Docker, Terraform, Git/GitHub, CI/CD
Project Mgmt	§ Trello, GitLab, Agile/Scrum, Hills, Epics and User Stories
Language(s)	§ English (Excellent — Official Language); Yoruba (Mother tongue)
Leadership	§ Proven servant leadership across academic, research and community settings.
Others	§ Problem solving, research writing, technical presentation, participatory research methods.
